

OH&S POLICY

At DTS Diagnostic and Technical Services Pty Ltd, Trading as DTS Q-Tech, we strive to improve the health and quality of life through the delivery of our services. As a socially responsible company who considers Workers is greatest asset, we believe we are at our best when our Workers are at theirs.

We will provide the highest standards of safety and health for our Employees, Contractors, and Customers.

DTS Q-Tech makes a commitment to its customers and workers that it will provide a safe and healthy workplace. The OH&S Policy and OH&S Management system covers:

The Provisioning of Diagnostic, Repair, Maintenance and Engineering Services throughout Australia and New Zealand.

We make a commitment to:

- Provide a Safe Workplace for our workers and customers
- Provide necessary training and resources for the workers to safely perform their duties
- Provide procedures and resources for reporting:
 - Workplace Hazards
 - Workplace Incidents
- Conduct regular assessments of our work practices and ensure a continual improvement to safety Policies and procedures.

DTS Q-Tech makes a commitment to maintain the OH&S management system and to ensure all current objectives are communicated to staff on a regular basis, and progression will be measured and reported.

The safety of our workers and satisfaction of our customers, in the workshop and on customer sites in the field, will be the primary focus of the OH&S Management system.

Statutory, Regulatory and Customer requirements will be measured and controlled through accurate measurement and implementation of procedures to continually improve our OH&S management system.

Workers are encouraged to contribute and participate in the improvement of the OH&S Management system and are given an individual responsibility to understand, comply and apply the OH&S Management System during the performance of their duties.

DTS Management is committed to the OH&S Policy through the provisioning of resources to its workers, and active participation in improving the safety of the services provided.
